Comprehensive River Basin Development: The Tennessee Valley Authority (World Bank Technical Papers) Barbara A. Miller, Richard B Reidinger

The Tennessee Valley Authority (TVA) in the United States represents one of the few successful examples of comprehensive river basin development. Established to guide the development of the resources within the Tennessee River Basin, TVA operates a wide variety of water, power, economic development, and environmental programs within the region. This report presents an overview of TVA's growth and development, its institutions, and its operational programs.
