## Design as Scholarship: Case Studies from the Learning Sciences

For researchers in the Learning Sciences, there is a lack of literature on current design practices and its many obstacles. *Design as Scholarship in the Learning Sciences* is an informative resource that addresses this need by providing, through a robust collection of case studies, instructive reference points and important principles for more successful projects. Drawing from the reflections of diverse practitioners, this text includes response sections that guide readers in understanding the research in the context of their own work. It touches upon educational technologies, community co-design, and more, and is grounded in the critical analysis of experts seeking to grow the community.
