African American Children and Mental Health [2 volumes] (Child Psychology and Mental Health)

African American Children and Mental Health [2 volumes] (Child Psychology and Mental Health)

This groundbreaking two-volume set examines the psychological, social, physical, and environmental factors that undermine or support healthy development in African American children while considering economic, historical, and public policies.

- Includes history, current events, psychology, politics, public policy, sociology, economics, and more
- Details intervention programs that target parents and children in low-income African American families; strategies to support young African American male relationship development, motivation, and achievement; and programs aiming to increase literacy and decrease obesity
- Examines the impact of the No Child Left Behind Act on African American children
- Includes both a subject and author index to facilitate further research
