The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars.

Rich in titles on English life and social history, this collection spans the world as it was known to eighteenth-century historians and explorers. Titles include a wealth of travel accounts and diaries, histories of nations from throughout the world, and maps and charts of a world that was still being discovered. Students of the War of American Independence will find fascinating accounts from the British side of conflict.

Cathryn Walker:

As a student exactly feel bored to help reading. If their teacher expected them to go to the library or to make summary for some reserve, they are complained. Just very little students that has reading's spirit or real their interest. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that examining is not important, boring and also can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this

period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country.
