**Leadership, Teamwork, and Trust: Building a Competitive Software Capability (SEI Series in Software Engineering)** Watts S. Humphrey, James W. Over

*Every business is a software business, and every business can profit from improved software processes*

*Leadership, Teamwork, and Trust* discusses the critical importance of knowledge work to the success of modern organizations. It explains concrete and necessary steps for reshaping the way in which software development, specifically, is conducted. A sequel to Humphrey's influential *Winning with Software*, this book presents new and copious data to reinforce his widely adopted methods for transforming knowledge work into a significant and sustainable competitive advantage, thereby realizing remarkable returns. Humphrey addresses here the broader business community—executives and senior managers who must recognize that today, every business is a software business.
