Self-Made Worlds Roger Manley, Mark Sloan

Scattered across the globe are remarkable individuals variously called "outsiders," "obsessive visionaries," or "folk artists." These unique individuals and the environments they create are celebrated in *Self-Made Worlds*. The works depicted in *Self-Made Worlds*--some presented for the first time--challenge long-standing ideas about what art is. From *Le Palais Id al*, built in a small French village by the mailman Cheval, to the *Hubcap Ranch* by Litto Damonte of California, to Nek Chand's hundreds of human and animal sculptures made from waste and recycled materials and set in a massive landscaped rock garden in Northwest India, *Self-Made Worlds* is an international tour of some of the most remarkable manifestations of the idiosyncratic, eccentric glory of the human imagination.
