Total Quality Management: Strategies and Techniques Proven at Today's Most Successful Companies

Stephen George, Arnold Weimerskirch

To understand and profit from Total Quality Management, companies must pay particular attention to the first word in the phrase-total. The spectacular rewards enjoyed by top companies like 3M, FedEx, and Ben & Jerry's were earned through a total commitment to achieving superior quality and customer satisfaction across all company functions and processes.

Total Quality Management, Second Edition gives you a completely up-to-date look at how 51 of the world's most successful companies put the total into TQM. Each of these companies, including 13 new additions and 23 Baldrige Award winners, is cited as a benchmark performer in a particular business function. Their examples help you set your sights on specific goals and learn a variety of ways to go about achieving each goal. Each chapter features the best practices of one manufacturing company, one service company, and one small business. Following the examples set by these overachievers, you'll discover how to:

- * Lead the transition from traditional management to management by quality
- * Identify customer needs and use that knowledge to drive the organization
- * Integrate strategic quality and business planning into a single strategic process
- * Communicate customer and company requirements throughout your organization
- * Recognize and reward employee efforts and promote improved quality
- * Establish uniform measurement systems and manage by fact, not fiction
- * Borrow shamelessly from industry leaders to encourage breakthrough thinking
- * Build strengths and eliminate weaknesses through an annual assessment process.

Fully updated-the book that puts the total into.

Total Quality Management.

In this book, the former chairman of the Baldrige Award panel of judges teams up once again with a leading quality consultant to bring you a Baldrige-based TQM model that covers every aspect of your business. Built from the best practices of 51 companies (including 23 Baldrige Award winners) whose star performances have made them benchmark corporations, this book brings you:

- * Best practices and TQM applications from small businesses, huge corporations, and everything in between
- * TQM practices from retail stores, service companies, manufacturers, and more
- * Hundreds of real-world examples, tested processes, and innovative techniques
- * Proven ways to boost profits, inspire workers, and delight customers.
