Practicing Research: Discovering Evidence That Matters Arlene G. Fink

Practicing Research: Discovering Evidence That Matters provides students, practitioners, and researchers with guidance on best practices. The book's eight chapters correspond to the skills that research consumers need to discover evidence that matters. Author Arlene Fink pays special attention to facilitating student learning by offering over a hundred examples, exercises, tables, figures, and checklists, as well as an extensive glossary. All the examples are taken from existing research and programs and grounded in the practitioner's reality.

Key Features

- Provides methods for determining the validity of evidence and how to justify an acceptable level of "proof" based on science, experience, and values
- Offers practical frameworks to guide the research process and take the student from needs assessment to program implementation and evaluation through to implementation of results
- Shows how to engage diverse stakeholders (communities, teachers) in the research process
- Accompanied by a companion Web site at www.sagepub.com/finkstudy that consists of Web exercises for students for each chapter

Intended Audience

This text is intended to be the core text or one of the primary texts for applied research courses at the graduate level in Education, Social Work, Public Administration and Policy, Evaluation, Health, Nursing, and Criminal Justice. Readers should have a passing familiarity with the idea of research, but no special research expertise is necessary.

From reader reviews:

Carlos Vickers:

Book is actually written, printed, or created for everything. You can learn everything you want by a reserve. Book has a different type. As you may know that book is important issue to bring us around the world. Adjacent to that you can your reading proficiency was fluently. A reserve Practicing Research: Discovering Evidence That Matters will make you to be smarter. You can feel more confidence if you can know about everything. But some of you think that will open or reading a book make you bored. It is not necessarily make you fun. Why they are often thought like that? Have you looking for best book or ideal book with you?

Joshua Smith:

The reason why? Because this Practicing Research: Discovering Evidence That Matters is an unordinary book that the inside of the book waiting for you to snap that but latter it will jolt you with the secret the item inside. Reading this book next to it was fantastic author who also write the book in such wonderful way makes the content on the inside easier to understand, entertaining method but still convey the meaning completely. So , it is good for you for not hesitating having this any more or you going to regret it. This unique book will give you a lot of rewards than the other book have got such as help improving your talent and your critical thinking technique. So , still want to hold off having that book? If I had been you I will go to the guide store hurriedly.

Katherine Velasquez:

Do you like reading a guide? Confuse to looking for your best book? Or your book has been rare? Why so many query for the book? But virtually any people feel that they enjoy intended for reading. Some people likes looking at, not only science book but novel and Practicing Research: Discovering Evidence That Matters or perhaps others sources were given expertise for you. After you know how the truly amazing a book, you feel would like to read more and more. Science e-book was created for teacher or maybe students especially. Those publications are helping them to add their knowledge. In additional case, beside science book, any other book likes Practicing Research: Discovering Evidence That Matters to make your spare time more colorful. Many types of book like here.

Jan Dixon:

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some e-book, they are complained. Just minor students that has reading's heart or real their interest. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that studying is not important, boring in addition to can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Practicing Research: Discovering Evidence That Matters can make you sense more

interested to read.
