When The Soul Awakens: The Path to Spiritual Evolution and a New World Era Nancy Seifer

In a time of fascination with secrets, this book reveals perhaps the greatest secret of all: the destiny of the human soul. A spark of divine consciousness exists within every human being, lying dormant until it awakens and begins the journey of return to its spiritual source. That momentous turning point, reached now by untold thousands, is the focus of this book.

A groundbreaking work, informed by modern esoteric teachings known as the Ageless Wisdom, this book unveils the evolutionary plan for humanity. It presents the transition to a new age as a passage from one stage of consciousness to another, beginning *when the soul awakens* and sets foot on the spiritual path. This path transforms the isolated personality into a conscious soul, aware of its oneness with all of life.

In darkening times, this book carries a message of hope. It holds the vision of a gathering wave of awakening souls with the collective power to manifest a higher reality on Earth.
