The National Security Space Strategy charts a path for the next decade to respond to the current and projected space strategic environment. Leveraging emerging opportunities will strengthen the U.S. national security space posture while maintaining and enhancing the advantages the United States gains from space. Our strategy requires active U.S. leadership enabled by an approach that updates, balances, and integrates all of the tools of U.S. power. The Department of Defense (DoD) and the Intelligence Community (IC), in coordination with other departments and agencies, will implement this strategy by using it to inform planning, programming, acquisition, operations, and analysis. Contents: Preface * The Strategic Environment * Strategic Objectives * Strategic Approaches * Promoting Responsible, Peaceful, and Safe Use of Space * Providing Improved U.S. Space Capabilities * Partnering with Responsible Nations, International Organizations, and Commercial Firms * Preventing and Deterring Aggression against Space Infrastructure that Supports U.S. National Security * Preparing to Defeat Attacks and to Operate in a Degraded Environment * Implementation * Conclusion - A New Type Of Leadership.
