The Work of Nations: Preparing Ourselves for 21st Century Capitalism Robert B. Reich

There is no longer such a thing as an American economy, say Robert Reich at the beginning of this brilliant book. What does it mean to be a nation when money, goods, and services know no borders? What skills will be the most valuable in the coming century? And how can our country best ensure that *all* its citizens have a share in the new global economy? Robert B. Reich, the widely respected and bestselling author of *The Next American Frontier* and *The Resurgent Liberal*, defines the real challenge facing the United States in the 21st century in this trail-blazing book. Original, readable, and vastly informed, *The Work of Nations* is certain to set a standard for the next generation of policy-makers.
