## **Alpha Hunted 2: Bella & Mac** J. M. Klair

Feeling desperate and alone, pregnant with a baby left behind during a rape, the last thing Bella needs is for her were-hunter sister to bring strange men home. Mac, a bear shifter traveling with his adopted wolf pack, scents pregnant Bella as his mate. Mac's first instinct is to provide for and protect Bella, but Bella's first instinct is to aim a shovel at his head. Secrets and shifters being welcomed into a house of were-hunters, who each hold secrets of their own. What could possibly go wrong? Alpha Hunted 2: Bella & Mac can be read as a stand-alone, but I would recommend reading Alpha Hunted: Keelyn & Bane first.
