**Off With Their Heads: The Prequel to Alice in Deadland (Alice, No. 3)** Mainak Dhar

**The prequel to the Amazon.com Bestseller, Alice in Deadland**

A few months before Alice was born and fifteen years before the dramatic events depicted in Alice in Deadland, there was The Rising. A few days that destroyed human civilization as we know it, reducing much of the world to a radioactive wasteland teeming with hordes of undead Biters and controlled by a shadowy Central Committee.

Off With Their Heads brings to life the final harrowing days of The Rising through four shorts, each depicting events through the eyes of one pivotal character in the Alice in Deadland series. See how Dr. Protima became the Queen of the Biters; feel the pain of a young man's sacrifice as he becomes the bunny-eared Biter whom Alice later follows down a hole; follow the rise of Chen from a conflicted young Chinese Army officer to a General in the Red Guards; and finally share in the dramatic escape of Alice's parents from a city overrun by Biters.

Off With Their Heads can be enjoyed as a standalone book or as a companion to the other books in the bestselling Alice in Deadland series:

- Alice in Deadland
- Through The Killing Glass (Alice in Deadland Book II)
- Hunting The Snark: An Alice in Deadland Adventure
