Seket Aanru is a novel, film and game based on the life of the street smart, technology savvy and sometimes hired gun Seket Aanru. Chronicling his adventures and misfortunes while in Egypt trying to complete an "objective" for the NSA.

What starts off as a simple mission to procure a sample of an ancient metal alloy turns into a battle to stay alive, maintain his sanity and hold on to the few things that he still loves in this world.

To him it has been all about connections. How seemingly unrelated world events are tied together by a chance encounter. The world stage has many players but most of them know each other directly or indirectly so causes for events can be traced back to individual relationships not governments.

Saddam, Osama, the uprising of the people across the world and the global recession can all be tied in together by one mans journey around the world as he is awakened to the ways of it.

This is the Chapter 1 pictorial edition. Your purchase gives you access to Seket Aanru the game for free. Join over 1 million players worldwide. Login and get in the game at <http://seket.us>
