Tony Wilcox, the quiet keyboard player for Ivory Tower, has always believed he was straight. A sexual encounter with his best friend leaves Tony questioning his heart and the unwavering attraction he has for Jared. Living and working together is no longer enough for Tony... he wants more. He wants Jared as his. Jared Baker, the bass player for the band, has a past that is getting in the way of him fully embracing what he wants... Tony. He's tried everything to create distance between them, but none of it eliminated the feelings he has developed for Tony.

Trying to suppress the anger and confusion from Jared withdrawing from his life, Tony does his best to get beyond the feelings he has for his friend. When Jared becomes deathly ill, it's Tony that he calls for help and Tony has to decide if he can heal Jared without giving away too much of his heart.

Can best friends find their way to true love and discover if they were meant for each other, or will the challenges of life force them to choose separate paths?
