**The Collected Monsters of Sin: for Pathfinder RPG** Ryan Costello Jr.

Heroes, beware the temptation of sin, for sinful acts are impulses disguised as choices, burdens disguised as boons. Yet every day, even great adventurers feel the temptation to sin, the small weaknesses that can humble the mighty.

While all sins are indulgent, reactive, or thoughtless, only seven are vile enough to be called deadly. Each spawns unique and startling monsters in this volume, including:

- Avarice – the hoard golem and bone swarm, dark things that glorify wealth;
- Envy – the poison of jealousy and desire for the unearned;
- Gluttony – the bottomless pit that consumes and squanders;
- Lust – the inbred orc and the lovelorn, horrors born from carnal desires;
- Pride – the overindulgence of the abominable beauty and overconfidence;
- Sloth – monsters that waste for nothing;
- Wrath – raging creatures that destroy without thought!

Monsters of Sin for the Pathfinder Roleplaying Game includes

- 21 monsters thematically tied to one of the seven deadly sins,
- 7 templates to bring that sin out in monsters and NPCs,
- complete notes on using sin in any fantasy world,
- 7 Embodiments of Sin to challenge the greatest heroes!

The Monsters of Sin Collection is suitable for multiple levels of play and can be used in any existing setting and campaign, or combined to create a campaign of Sin. Go beyond ordinary monsters, and challenge your champions with threats to mind, body, and spirit!
