Care of the Newborn by Ten Teachers (A Hodder Arnold Publication)

Caring for the well newborn is an essential element of everyday midwifery practice. Providing a comprehensive guide to the problems associated with newborn babies, **Care of the Newborn by Ten Teachers** is a key textbook for trainee midwives. The ten teachers involved in writing this book are drawn from all over the UK and bring together a wealth of experience in midwifery and neonatal nursing teaching and practice.

The emphasis is on caring for the normal neonate, with deviations from the normal threaded throughout. Taking a holistic approach, each chapter links theory and practice, with explicit reference to professional standards and guidelines. As well as infant feeding, skin care and thermal care practice, this book covers signs and causes of common problems such as jaundice, infections, respiratory problems, and birth injury, providing care and treatment strategies for the neonate and family.

This easy-to-follow full colour design, with superb diagrams and photographs and helpful features such as key points, case histories and chapters overviews, makes this essential reading for all student midwives, as well as those on post-qualifying courses in neonatal care. It is also a useful reference for practising midwives and neonatal nurses.
