Berkshire Encyclopedia of China (5-volume set, 2,800 pages) Linsun CHENG

In five large-format volumes and nearly 1,000 expert-written articles, the Berkshire Encyclopedia of China provides unrivaled insight into Chinese history and culture today in nearly a thousand fascinating articles that include everything from Adoption and Banking to Wound Literature and Zhou Dynasty. China is changing our world, and Berkshire Publishing, known for its award-winning encyclopedias on a wide array of global issues including the award-winning six-volume Encyclopedia of Modern Asia, is proud to publish the first major resource designed for students, teachers, businesspeople, government officials, and tourists seeking a greater understanding of China today. The Berkshire Encyclopedia of China offers authoritative articles from well-known scholars in China as well as in the West, and it has been compiled with strict rules about balance and objectivity by a publisher committed to providing truly global perspectives that will empower 21st-century students, global citizens, and leaders in business and government. The Berkshire Encyclopedia of China does much more than cover the history of China. It is specifically intended to help students and professionals who need to improve their knowledge of the arts, belief systems, business, communications, demographics, education, law and politics, minority groups, natural resources, regional and international relations, social welfare, and technology. Within these categories, there are broad thematic essays, which serve as anchors or touchstones for the work as a whole, as well as short entries about the people, events, concepts, and material goods that are essential to understanding China. There are articles on important organizations and companies, as well as on sports, festivals, and other aspects of popular culture. And the encyclopedia brings up right up to the present, with information on blogging and Internet use, human rights, and overseas returnees (the sea turtles). It even looks to the future with articles on renewable energy and the 2010 World's Fair in Shanghai. The encyclopedia is also completely interdisciplinary in its coverage and organization. Contributing authors include political scientists, sociologists, economists, anthropologists, geographers, historians, scientists, artists, educators, and other experts. Thanks to cooperation with many Chinese scholars based in China, the encyclopedia is the first major work also to cover China from the Chinese point of view. Succinct, accessibly written, and illustrated articles (500-3,000 words), each beginning with a short summary or abstract. Each article arranged so it can be copied or printed for individual use (up to 10 copies for a single classroom use at no charge for further copies, please make payments via Copyright Clearance Center). Page margins that make it easy to copy articles for classroom use on both US letter-size and international A4 paper. Article titles in English, Chinese characters, and a Pinyin transliteration with tone marks, and Chinese characters and transliterations in articles. Up-to-date information that students and non-specialists can understand. Intelligent, insightful discussion of controversial issues. Articles about China in the world today, with a focus on its cultural, political, and economic relationships, military expansion, human and religious rights. News-related coverage: social and environmental issues, Food Safety, new communications and media, Internet Use, Blogging, and topics relevant to the global economic crisis—Stock Markets, Beijing Consensus and Currency Valuation. Over 1,200 unique photographs, Maps, timelines, primary source sidebars, and dozens of traditional proverbs. Ideal for writing papers. Ideal for general education about China. Useful for readers learning Chinese.

From reader reviews:

Amanda Grant:

Information is provisions for individuals to get better life, information nowadays can get by anyone at everywhere. The information can be a knowledge or any news even a huge concern. What people must be consider when those information which is within the former life are challenging be find than now is taking seriously which one would work to believe or which one the resource are convinced. If you get the unstable resource then you have it as your main information you will see huge disadvantage for you. All those possibilities will not happen throughout you if you take Berkshire Encyclopedia of China (5-volume set, 2,800 pages) as the daily resource information.

Denise Zimmerman:

Exactly why? Because this Berkshire Encyclopedia of China (5-volume set, 2,800 pages) is an unordinary book that the inside of the e-book waiting for you to snap this but latter it will zap you with the secret this inside. Reading this book alongside it was fantastic author who else write the book in such amazing way makes the content inside easier to understand, entertaining means but still convey the meaning completely. So , it is good for you for not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of advantages than the other book have got such as help improving your ability and your critical thinking technique. So , still want to delay having that book? If I have been you I will go to the reserve store hurriedly.

Joseph Alderete:

In this time globalization it is important to someone to get information. The information will make professionals understand the condition of the world. The condition of the world makes the information quicker to share. You can find a lot of references to get information example: internet, newspapers, book, and soon. You will observe that now, a lot of publisher this print many kinds of book. The actual book that recommended for your requirements is Berkshire Encyclopedia of China (5-volume set, 2,800 pages) this e-book consist a lot of the information of the condition of this world now. That book was represented just how can the world has grown up. The words styles that writer use to explain it is easy to understand. Typically the writer made some study when he makes this book. That's why this book appropriate all of you.

Omer Brown:

Reading a guide make you to get more knowledge from the jawhorse. You can take knowledge and information from the book.
