Georgia Punishes Me: My First Lesbian Experience with My Best Friend
An Explicit Erotica Story with Very Rough Sex and Bondage

Georgia and I passed boyfriends between us like nobody's business so I was kind of caught off guard when she got angry about it. I thought I'd lose my best friend but she made a deal with me. She'd get to make me do whatever she wanted and we'd still be friends. How was I to know it was all a ploy? She wanted to experiment with BDSM, and she wanted me to experiment with her. Before I knew it, I was handcuffed and receiving a brutal spanking. That wasn't it, though. My first lesbian experience came with nipple clamps, ball gags, a strap-on dildo, and my first anal sex!

Warning: This ebook contains very explicit descriptions of sexual activity including bondage, ball gag, spanking, nipple clamps, rough sex, first lesbian sex, rough first anal sex, sex toys, and more. Only mature adults who won't find content like that offensive should read this story.

Here is a tease for you:

Georgia wasn't home yet but there were instructions to go to her room, get dressed, and wait for her. Instructions!

The note actually said that word as a heading. For some reason it thrilled the hell out of me, and I walked first to my room, stripping out of my clothes completely. I paused to look at myself in the mirror, and I felt good enough to eat. I made my way to her room, and even walking along the hallway completely naked turned me on, just the walking. I went inside and found what she'd left for me on the bed. I stared for a long while because even though I knew she wanted to do BDSM stuff, I guess I hadn't really considered what that meant. My outfit was there but there was more, too.

The outfit itself was pretty damned intimidating. It was vinyl, and it was pink. That would have been cute but what it consisted of was a top that was just like a turtleneck, a long sleeved turtleneck. That would have been awkward but not too over the top except for the fact that there were holes where my boobs would be. There were also thigh high stockings, if they could be called stockings. They were the same pink vinyl and even though there weren't heels on them, the feet curved downward the same way they would if the stockings had heels. The thing that made the outfit scary, though, was that furry pink cuffs were attached to the vinyl right in the middle of the back. It meant when I put it on, my wrists would be joined together right behind the shoulder blades.

The outfit was intimidating but it wasn't the scary thing. Thing? Things. Right next to the outfit, a long paddle that looked like a leather-covered cricket bat lay beside a leather strap with a round ball attached.
