21st Century Dad (and husband): Or rather... the trials and tribulations of being a modern day father and husband (also told from the perspective of his wife) 21st Century Dad

Every dad has a funny story to tell.

About something one of their kids has done.

Or said.

Or perhaps some amusing tale about the wife.

Or some great conquest (that probably never actually happened).

And every dad thinks they're cool.

A bit of a comedian.

A great athlete.

A good dancer.

Thinks they're fashionable.

Trendy.

Still 'hip' with all the kids.

And a hit with all the women.

'21st Century Dad' is a whimsical, comical, tongue in cheek look at life as a modern day father, desperately trying to bring up two kids, trying to earn a bit of a living, attempting (and failing) to cross off all the items on his ever increasing bucket list, wading through a mid life crisis and all while desperately trying to keep a (demanding) wife very happy.

Written by an actual 21st Century dad that fits all of the above criteria, but with one unique added twist....

... His wife has also greatly contributed to it adding her own actual, and in most cases, more 'realistic' perspective on the whole affair.
