Dental Materials: Clinical Applications for Dental Assistants and Dental Hygienists, 3e Carol Dixon Hatrick CDA RDA RDH MS, W. Stephan Eakle DDS FADM

With **Dental Materials: Clinical Applications for Dental Assistants and Dental Hygienists, 3rd Edition**, you will learn the most current methods of placing - or assisting in the placement - of dental materials, and how to instruct patients in their maintenance. Easy-to-follow, step-by-step procedures show how to mix, use, and apply dental materials within the context of the patient's course of treatment. The multidisciplinary author team enhances this edition with new chapters on preventive and desensitizing materials, tooth whitening, and preventive and corrective oral appliances, with new clinical photos throughout. An Evolve website provides new chapter quizzes for classroom and board exam preparation!

- **An emphasis on application** shows how dental materials are used in day-to-day clinical practice.
- **Step-by-step procedure boxes** list detailed equipment/supplies and instructions on how to perform more than 30 key procedures, with icons indicating specific guidelines or precautions.
- **Chapter review questions** help you assess your understanding of the content and prepare for classroom and board examinations.
- **Clinical tips and precautions** are provided in summary boxes, focusing on the *Do's* and *Don'ts* in clinical practice and patient care.
- **Case-based discussions** include scenarios that apply dental materials content to daily practice, encourage critical thinking, and reinforce proper patient education.
- **An Evolve companion website** offers practice quizzes, interactive exercises, competency skill worksheets, and vocabulary practice.
- **NEW! Chapters** on preventive and desensitizing materials, tooth whitening, and preventive and corrective oral appliances expand and reorganize this material to keep pace with dynamic areas.
- **NEW! Cutting-edge content** reflects the latest advances in areas such as nano-glass ionomer cements, dental implants, and fluoride varnishes.
- **NEW! Clinical photographs throughout** (more than 550 total) show dental materials being used and applied.
- **NEW online quizzes** provide even more practice for test-taking confidence, and include rationales and page references for remediation.

From reader reviews:

Brandi Cardoza:

Spent a free the perfect time to be fun activity to try and do! A lot of people spent their free time with their family, or their own friends. Usually they carrying out activity like watching television, about to beach, or picnic within the park. They actually doing same thing every week. Do you feel it? Would you like to something different to fill your personal free time/ holiday? Can be reading a book might be option to fill your cost-free time/ holiday. The first thing that you will ask may be what kinds of publication that you should read. If you want to try look for book, may be the guide untitled Dental Materials: Clinical Applications for Dental Assistants and Dental Hygienists, 3e can be excellent book to read. May be it can be best activity to you.

Priscilla McCreary:

Your reading sixth sense will not betray anyone, why because this Dental Materials: Clinical Applications for Dental Assistants and Dental Hygienists, 3e publication written by well-known writer whose to say well how to make book which might be understand by anyone who all read the book. Written within good manner for you, leaking every ideas and composing skill only for eliminate your own personal hunger then you still doubt Dental Materials: Clinical Applications for Dental Assistants and Dental Hygienists, 3e as good book but not only by the cover but also from the content. This is one book that can break don't judge book by its deal with, so do you still needing one more sixth sense to pick this specific!? Oh come on your reading sixth sense already said so why you have to listening to an additional sixth sense.

David Beall:

Is it anyone who having spare time subsequently spend it whole day simply by watching television programs or just laying on the bed? Do you need something new? This Dental Materials: Clinical Applications for Dental Assistants and Dental Hygienists, 3e can be the reply, oh how comes? A fresh book you know. You are and so out of date, spending your free time by reading in this brand-new era is common not a nerd activity. So what these textbooks have than the others?

Latashia Bartlett:

A number of people said that they feel weary when they reading a guide. They are directly felt this when they get a half elements of the book. You can choose the particular book Dental Materials: Clinical Applications for Dental Assistants and Dental Hygienists, 3e to make your personal reading is interesting. Your personal skill of reading ability is developing when you including reading. Try to choose easy book to make you enjoy to see it and mingle the opinion about book and reading especially. It is to be initial opinion for you to like to available a book and go through it. Beside that the e-book Dental Materials: Clinical Applications for Dental Assistants and Dental Hygienists, 3e can to be your friend when you're really feel alone and confuse with what must you're doing of the time.
